OFFICE OF PETITIONS

In re Application of
Thomas Neil Horsky et al
Application No. 10/825,339
Filed: April 15, 2004
Attorney Docket No. 211843-00035

:
: DECISION ON PETITIONS
:
:
:

This is a decision on the petition, filed July 1, 2005, under 37 CFR 1.313(c)(2) to withdraw the above-identified application from issue after payment of the issue fee. This is also a decision on the petition filed July 1, 2005, which is being treated as a petition under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6), to accept an unintentionally delayed claim under 35 U.S.C. §§120, 365(c) and 119(e) for the benefit of the prior-filed applications set forth in the concurrently filed amendment.

The petitions are **Granted**.

As to the petition under 37 CFR 1.313(c)(2):

The above-identified application is withdrawn from issue for consideration of a submission under 37 CFR 1.114 (request for continued examination). See 37 CFR 1.313(c)(2).

Petitioner is advised that the issue fee paid on March 28, 2005 in the above-identified application cannot be refunded. If, however, the above-identified application is again allowed, petitioner may request that it be applied towards the issue fee required by the new Notice of Allowance.¹

¹ The request to apply the issue fee to the new Notice may be satisfied by completing and returning the new Issue Fee Transmittal Form PTOL-85(b), which includes the following language thereon: "Commissioner for Patents is requested to apply the Issue Fee and Publication Fee (if any) or re-apply any previously paid issue fee to the application identified above." Petitioner is advised that, whether a fee is indicated as being due or not, the Issue Fee Transmittal Form **must** be completed and timely submitted to avoid abandonment. Note the language in bold text on the first page of the Notice of Allowance and Fee(s) Due (PTOL-85).

Petition for acceptance of a claim for late priority under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after the expiration of the period specified in 37 CFR §§ 1.78(a)(2)(ii) and 1.78(a)(5)(ii). In addition, the petition under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6) must be accompanied by:

- (1) the reference required by 35 U.S.C. §§ 120 and 119(e) and 37 CFR §§ 1.78(a)(2)(i) and 1.78(a)(5)(i) of the prior-filed application, unless previously submitted;
- (2) the surcharge set forth in § 1.17(t); and
- (3) a statement that the entire delay between the date the claim was due under 37 CFR §§ 1.78(a)(2)(ii) and 1.78(a)(5)(ii) and the date the claim was filed was unintentional. The Commissioner may require additional where there is a question whether the delay was unintentional.

The instant nonprovisional application was filed after November 29, 2000, and the claim herein for the benefit of priority to the prior-filed applications is submitted after expiration of the period specified in 37 CFR §§ 1.78(a)(2)(ii) and 1.78(a)(5)(ii). Therefore, this is a proper petition under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6).

The instant nonprovisional application was pending at the time of filing of the reference to the prior-filed provisional applications as required by 37 CFR 1.78(a)(5)(ii). Additionally, the instant nonprovisional application was filed within twelve months of the filing date of the prior-filed provisional applications, Application No. 60/250,080, which was filed on November 30, 2000, and Application No. 60/170,473, filed on December 13, 1999, for which priority is claimed.

The petition complies with the requirements for a grantable petition under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6) in that (1) a reference to the above-noted, prior-filed applications has been included in an amendment to the first sentence of the specification following the title, as provided by 37 CFR §§ 1.78(a)(2)(iii) and 1.78(a)(5)(iii); (2) the surcharge fee required by 37 CFR 1.17(t) has been submitted; and (3) the petition contains a proper statement of unintentional delay. Accordingly, having found that the instant petition for acceptance of an unintentionally delayed claim for the benefit of priority under 35 U.S.C. §§ 120 and 365(c) and § 119(e) to the above-noted, prior-filed applications satisfies the conditions of 37 CFR §§ 1.78(a)(3) and 1.78(a)(6), the petition is granted.

The granting of the petition to accept the delayed benefit claim to the prior-filed applications under 37 CFR §§ 1.78(a)(3) and 1.78(a)(6) should not be construed as meaning that the

instant application is entitled to the benefit of the filing date of the prior-filed applications. In order for the instant application to be entitled to the benefit of the prior-filed applications, all other requirements under 35 U.S.C. §§120 and 365(c) and 1.78(a)(1) and (a)(2) and under 35 U.S.C. §119(e) and 37 CFR 1.78(a)(4) and (a)(5) must be met. Similarly, the fact that the corrected Filing Receipt accompanying this decision on petition includes the prior-filed applications should not be construed as meaning that applicant is entitled to the claim for benefit of priority to the prior-filed applications noted thereon. Accordingly, the examiner will, in due course, consider this benefit claim and determine whether the instant application is entitled to the benefit of the earlier filing date.

A corrected Filing Receipt, which includes the priority claim to the prior-filed applications, accompanies this decision on petition.

Any questions concerning this matter may be directed to the undersigned at (571) 272-3208. All other inquiries concerning either the examination procedures or status of the application should be directed to the Technology Center.

This application is being forwarded to Technology Center Art Unit 2881 for appropriate action on the amendment submitted July 1, 2005, including consideration by the examiner of the claim under 35 U.S.C. § 120 and 365(c) and 37 CFR 1.78(a)(2) for the benefit of the prior-filed PCT application, and for consideration of the claim under 35 U.S.C. §119(e) and 37 CFR 1.78(a)(5) for the benefit of the prior-filed provisional applications.
